

**Surbiton Croquet Club Beginners' Coaching, Lesson 6**  
**Course Revision & Tournament**

**Aim:** to revise the course and to finish the course with a small tournament.

**Session 1 (15 mins): Golf & Association Croquet Revision**

Use magnetic board to remind the pupils of Golf Croquet rules etc.

Introduce AC through reference to competition to be played in Session3.

Then refresh memories of the AC played last week – explain peg out and use of bisques to create, mend and maintain a break.

**Session 2 (15 mins): Association Croquet Practice**

Explain by coach referring to competition : least bisques in 7 point turn wins.

**Session 3 (90 mins): Association Croquet Competition**

Explain need for all to use half lawn, the other ball is already on peg (arrange clips appropriately), secondary colours start at hoop 3, and the coaches are available to answer questions but will not offer advice.

Apply by each player playing 7 point breaks on the lawn and counting how many bisques they use in total.

Non playing pupils help by keeping bisque count.

One coach should be available for each game.

**Session 4: Prize Giving & Wrap Up**

Winner is the player using the least bisques.

A tie is resolved by who finishes nearest the peg from corner 1.

Thank everyone for attending and wish them well with their croquet futures!
